

Scrap Book Page for the Crusades

Objective: Using technology to demonstrate your knowledge of one of the Crusades

Task: You will be given one Crusade and make a scrap book page representing that crusade. These will be bound into a book.

Timetable: You will have 2 computer days to finish this project. (Thursday and Friday) Day 1- gather your information from your chart and the website to take notes and start to gather pictures. Day 2 – design your page, place titles, place color and print.

Sources used: Website - <http://www.middle-ages.org.uk/the-crusades.htm>

Other websites – Your Chart and your book. We will **not** be making a bibliography

This is an in class assignment- you should not need to work at home unless you are absent.

Due Date: due Friday, but due to printer issues it will not be considered late if you turn it in on Monday. After Monday it is considered late.

Software – Microsoft word- Use pictures from the internet, textboxes, color, word art and clip art. Watch that your background is not too dark.

Rubric –

Factual information- you need a minimum of 3 textboxes with information about the Crusade and 1 textbox with information about a specific person that was important to your Crusade. You may have more textboxes. Possible 25 points

Pictorial information – You will need 4-5 pictures dealing with information from your Crusade. You may have more if the pictures are small. Possible 15 points

Creativity – design of page, position of pictures, overall presentation of the information
Possible 10 points

Total – Possible 50 points

Hints for Success: Don't make a little picture too large, it will distort the picture. Make the poster informative. Use headlines (idea: place your dates in headline form) **Have a Title** Make sure your name is on it in the right hand corner. Typing of information no larger than 14 font. **Use Color**
